FIGHTING FOR A FAIR DEAL FOR CORBY AND EAST NORTHAMPTONSHIRE

Better access to GP and dental services

Everyone should be able to rely on quick access to high-quality local health services when they need them.

Chris Lofts and the local Lib Dems will work to make it easier to get a doctor and dentist appointment.

Building the homes we need

Under the Conservatives, the UK has failed to build the homes we need for our friends, family and neighbours. Warehouses shouldn't be easier to build than homes.

Chris will fight to make sure we have the homes we need, and the services that we all require.

Protect our local environment

Chris believes that environmental protection needs action, not words.

Chris will work urgently towards ending the sewage dumping scandal, cutting carbon emissions and planting 60 million trees each year across the UK.

After years of being taken for granted by the Conservatives more and more people in Corby and East Northamptonshire are saying:

This Conservative Government have taken us for granted for too long. They have broken our NHS, caused a cost of living crisis and let water companies get away with dumping raw sewage in our rivers and seas. This election is our chance to send a real message. It's time for change!
